

ENERGY MANAGEMENT FOR BUSINESS & GOVERNMENT

The significant changes to the energy market over the last decade together with rising costs have left many businesses and local government confused.

Off the Grid aims to clear away some of that confusion by addressing a number of the basic concerns that consumers hold about energy management; what tariff they are on, choosing an energy provider, improving energy management and alternative energy sources.

THURSDAY 14 NOVEMBER 2013

VENUE Convention Centre, Charles Sturt University
